## MASSIVIT 3D PRINTING

Massivit 3D Printing Technologies Ltd. is a pioneer of large format 3D printing solutions for visual communication applications spanning the advertising, retail, events, entertainment and architectural sectors. Leveraging its proprietary Gel Dispensing Printing (GDP) technology, the company's solutions enable rapid and cost-effective production of super-sized, eye-catching 3D signage, displays and props. Massivit 3D's mission is to enable print services and other visual communication producers to expand their business offering, gain a competitive edge, and generate new sources of revenue.

Founded in 2013 by a team of recognized industry experts, Massivit 3D is headquartered in Lod, Israel and provides its worldwide community with end-to-end services supported through an extensive dealer network.
